

English

This term in English we will be learning about biographies and writing our own biographies about Florence Nightingale. We will also write newspaper reports about another real-life superhero. Towards the end of term, we will plan, write and edit our own adventure stories.

Maths

This term in Maths we will continue to follow the White Rose Scheme of Learning. We will be learning about length and height, where we will be measuring in cm and m, and applying our knowledge of the four operations. At the end of the term, we will move on to learning about position and direction.

Welcome Back!

I hope you all had a lovely Easter break. The children really enjoyed their learning last term and all the exciting things we did, including World Book Day, Science Week and our visit to Oxford!

If you wish to discuss your child and their learning at any point this year, please approach me as soon as possible. Feel free to contact me using my email address: fatkinson@stmichaelspri.co.uk. I will endeavour to respond to any email as quickly as possible, however please contact the school office if it is urgent. I will also be available on the playgrounds in the morning and after school if you would like to speak to me directly.

This term, the children will be learning about superheroes, including fictional ones and real-life superheroes like Florence Nightingale.

Humanities

The children will be historians and learn about real-life superheroes from history. We will also be geographers and learn about explorers in the polar regions. As well as this we will make maps for superheroes to help them find evil villains!

Superheroes Sycamore Class Newsletter Term 5

STEAM (Science, Technology, Engineering, Art and Maths)

In science this term, we will be learning about plants, including how a plant grows, the plant life cycle and what plants need to stay healthy. We will be growing our own plants in the classroom to carry out observations and investigations.

We will use our drawing and painting skills to create comic strips of our adventure stories. After that, we will make and model sculptures of our superheroes.

Uniform, PE and Kit

Children should come to school every day in named school uniform and school shoes, not trainers. They should bring a named water bottle every day. Fruit is provided at breaktime, however children can bring their own healthy snack. We will have PE on Tuesdays, and PE kits need to be kept in school until half term. Forest School is on Thursdays and children should bring in their Forest School clothes in a separate bag on that day, as the cloakroom area is small.
